MORIAM CHOWDHURY

Computer Science & Engineering Student | Web Developer

Chattogram, Bangladesh
Email: moriam.tech@gmail.com
GitHub: https://github.com/MoriamChowdhury

PROFESSIONAL SUMMARY

Computer Science and Engineering student with an interest in web development, problem-solving, and building responsive web applications. Familiar with C and C++ programming and currently developing skills in JavaScript, TypeScript, React, Next.js, and modern web technologies. Interested in continuous learning, collaborative development, and creating practical software solutions.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript, TypeScript

Frontend Development: HTML5, CSS3, React, Next.js, Tailwind CSS

Backend & Database: Node.js, MongoDB, SQL

Tools: Git, GitHub, VS Code, Vite

Core Skills: Problem Solving, Data Structures and Algorithms, Responsive Web Design

-

PROJECTS

1. Bazardor (বাজার দর) — Price Tracker Web App

• Built a full-stack price-tracking website where users can view and compare market prices of daily products.

• Implemented user authentication with Better Auth and stored data in MongoDB.

• Converted a Figma design into a responsive interface.

Technologies: Next.js, Tailwind CSS, MongoDB, Better Auth

```

Bachelor of Science (B.Sc.) in Computer Science and Engineering
International Islamic University Chittagong (IIUC)
Chattogram, Bangladesh
Period: [Admission Year] – Present

ADDITIONAL SKILLS

Competitive programming and algorithmic problem-solving

Teamwork and collaboration

Adaptability and continuous learning

Time management

-

LANGUAGES

Bengali — Native

English — [Add your proficiency level]
